In-Home Warranty and Accidental Damage Cover

Premier Care In-Home Warranty gives you complete peace of mind

Our customer's independence is vitally important to us and In-Home mobility aids is an often neglected area of cover. Due to your reliance on these aids we have designed our Premier Care range of In-Home warranty policies to meet your needs. Covering not just mechanical and electrical breakdown, our policy includes accidental damage cover from day one.

"The person I spoke to ticked all of the boxes. It was so nice to speak to a person and not a machine".

Our cover includes

- ✓ **Mechanical and Electrical Breakdown**
No large repair bill if your product goes wrong.
- ✓ **Accidental Damage**
Protecting your equipment from day one against user error and incidents out of your control.
- ✓ **Parts, Callout and Labour**
We cover the full cost of repair.
- ✓ **No Excess**
We don't require any contribution to a claim where other insurance policies might.
